Dear Ms. Marquez:

On behalf of Lockheed Martin Corporation (Lockheed Martin), ARCADIS is re-submitting the attached RCRA Subtitle C Site Identification Forms (8700-12). Both forms were returned by your office requiring further information before they can be processed. The attached forms are signed originals.

Date:
December 8, 2011

The first form was originally submitted in September 2011 to provide notification of a change in generator status from a Conditionally Exempt Small Quantity Generator (CESQG) to a Small Quantity Generator (SQG). The second form was originally submitted in November 2011 to provide notification of a change in generator status from SQG back to CESQG.

Contact:
Art Zahradnik

Phone:
631.391.5208

Email:
Art.Zahradnik@arcadis-us.com

As described on the forms, these changes in status were necessary given the short-term (episodic) generation of D008 hazardous waste from construction activities at the above-referenced facility during one month in 2011 (May). Projected generation from continued short-term construction activities to be completed in mid-2012 is not expected to change generator status from CESQG moving forward.

Dear Ms. Lopez:

On behalf of Lockheed Martin Corporation (Lockheed Martin), ARCADIS is providing an explanation of two active EPA ID numbers for the same physical site and submitting a Form 8700-12 for each EPA ID number to correct the issue and eliminate future potential confusion while taking the opportunity to update status given current operations at the site by Lockheed Martin. Enclosed is a form to update EPA ID# NYR 000043521 with its generator status updated to CESQG and a form for EPA ID# NYD075796037 the one that changes it to inactive. This is a follow up response to your conversation with Ms. Laura Curtis of ARCADIS on February 28, 2012, following inquiries in January 2012 from your office to Mr. Robert S. Phillips, Project Lead, Lockheed Martin Corporation. The January 2012 inquiries related to Form 8700-12 filings by Lockheed Martin in 2011 (under EPA ID# NYD075796037) and the correct site address (1111 Marcus Avenue, Lake Success, NY).

From a record search into US EPA's Envirofacts, and Enforcement Compliance & History Online (ECHO) Databases, as well as looking at past hazardous waste biennial reports in the defunct Biennial Reporting System (BRS), it appears that a second EPA ID number was applied for environmental remediation activities while the first number is associated with former manufacturing, which ceased in 1997. The following are a set of findings from these documents:

- EPA ID # NYR 000043521 has handler listed as Lockheed Martin Corporation located at 1111 Marcus Ave., Lake Success, NY 11042 as a large quantity generator (LQG). [Envirofacts, ECHO]

Imagine the result

- EPA ID # NYD075796037 has handler listed as Lockheed Martin Federal Systems, located at 365 Lakeville Rd., Great Neck, NY 11020 and as a conditionally exempt small quantity generator (CESQG). [Envirofacts, ECHO]
- The last Biennial Report found filed by EPA ID # NYD075796037 was for CY 1999 for Lockheed Martin Federal Systems at 365 Lakeville Rd., Great Neck, NY and listed various hazardous wastes noted as process related. A waste source type code A93 (Closure of management unit(s) or equipment - Other Processes) indicates facility cleaning out processes after ceasing to operate.
- A Biennial Report found filed by EPA ID# NYR 000043521 for CY 1999 has Lockheed Martin Corporation ES&H located at 365 Lakeville Rd., Great Neck, NY listed as handler and a large quantity generator of 294.5 tons of spent carbon from a groundwater treatment system.
- A Biennial Report found filed by EPA ID# NYR 000043521 for CY 2001 has Lockheed Martin Corporation located at 1111 Marcus Ave., Lake Success, NY 11042 generating 8 tons of solids from a tank used in a soil vapor extraction (groundwater) treatment unit. Report notes a change of address from 365 Lakeville Rd. in the facility comments. Note this is the last biennial report found for EPA ID# NYR 000043521 through 2007. [BRS database]
- A Biennial Report found filed by EPA ID# NYR 000122648 for CY 2003 has Antech Diagnostics located at 1111 Marcus Ave., Lake Success, NY 11042. Antech Diagnostics is listed as the operator and i.Park Lake Success LLC (i.Park) as the owner as of March 2000. Lockheed Martin sold the property to i.Park who then was granted a change of address for the property from 365 Lakeville Rd. Great Neck, NY 11020 to 1111 Marcus Ave, Lake Success, NY 11042.
- The property was developed by i.Park into a multi-use structure. There are three different operators listed as being located at 1111 Marcus Ave., Lake Success, NY 11042: Lockheed Martin (EPA ID# NYR000043521), Antech Diagnostics (EPA ID# NYR000122546), and i.Park Lake Success (as EPA ID # NYR000147264).[Envirofacts]

Per your conversation with Ms. Curtis, activity is noted to occur under EPA ID# NYR 000043524 to the present. This filing of forms will not only correct the status of the facility, but will be used to correct a September 2011 waste manifest, and in other communications at the State level.

Sincerely,

ARCADIS of New York, Inc.

Y ☐ N ☒ Are you notifying under 40 CFR 260.42 that you will begin managing, are managing, or will stop managing hazardous secondary material under 40 CFR 261.2(a)(2)(ii), 40 CFR 261.4(a)(23), (24), or (25)?

If "Yes", you must fill out the Addendum to the Site Identification Form: Notification for Managing Hazardous Secondary Material.

13. Comments

Notification submitted for EPA ID #NYR000043521 to change generator status from large quantity generator to conditionally exempt small generator, consistent with current operations and to recognize any records under EPA ID # NYD075796037 is documented under EPA ID #NYR000043521. See attached letter to US EPA - Region 2 explaining how two EPA ID numbers exist for the same physical site, but this site does not have the same address. A subsequent notification has been submitted concurrently to inactivate EPA ID # NYD075796037.

9A - i. Park Lake Success LLC owner, and its successors (Apollo Lake Success Properties, LLC and 1111 Marcus Avenue Unit 2 Owners, LLC).

10.A.2 - Current one-time lead paint abatement activities in 1Q2012 may cause generator to be a small quantity generator for one month, but will then return to a conditionally exempt small generator status (CESQG), as these activities are not part of an ongoing process.

Att: George Mullen

Lake Success, NY 11042-1034

Dear Mr. Mullen:

A new Resource Conservation & Recovery Act Identification (RCRA ID) number = **NYR000147264** has been issued to the 1111 Marcus Ave, Lake Success, NY location for IPARK. The older existing RCRA ID number, **NYR000043521**, for this location was originally issued to Lockheed Martin Corp, and continues to be used by that company for remediation at the site.

Therefore please use the **NYR000147264** RCRA ID number on any manifests of hazardous waste material for your site. You may call me at 212-637-3194 with any questions regarding this issue.

Sincerely,

A handwritten signature in cursive script, appearing to read "B. Lopez".
